Yirgacheffe,
Ethiopia

2100m Above Sea Level

Yirgacheffe is home to one of the most cherished coffees in the specialty industry, known for its distinct blueberry notes. The Halo Beriti washing station serves over 750 smallholders, producing natural coffees with vibrant character. This 'special preparation' lot follows a stricter protocol, ensuring high quality with minimal defects.

Sweetness
Toastiness

Doi Pangkhon,
Thailand

1250m Above Sea Level

Nestled in the misty mountains of Chiang Rai, Doi Pangkhon is fast becoming a beacon of quality for Southeast Asian specialty coffee. The cooler climate at lower latitudes allows for slower cherries maturity, giving a naturally sweeter taste and rounder texture compared to other regional coffees.

Prices subject to 10% service charge & GST.

Bali, Indonesia

1200m Above Sea Level

Nismara means a state of calm and serenity in Javanese, while Singaraja highlights the northern Balinese roots; reflecting the quiet highland terroir of north Bali and the island's broader cultural association with balance and calm. Nismara coffees offers their signature robust, rounded flavors and tea-like aroma.
